[These are the doors to the Senate. They need to get ripped off of the god damn hinges on the 6th. Bring a tool, bring a truck, bring your anger. These son of bitches hiding inside need to understand that we the people are sick and fucking tired of them selling out our country and stealing!](#) (media.thedonald.win)

In the past, congress would hold open sessions where the public could view. Any way we can force this to happen January 6?

Form a ring of 100,000 people around it. No cops, no ANTIFA, no nothing are going to be able to penetrate a ring of 100,000 people. Then protected inside that ring, have a couple of dudes who work in construction remove the door properly, off its hinges, without damaging it in any way. Because that is how our revolution rolls. We aren't out to destroy America, we are out to rescue it.

The cops and aunt tifa will already be guarding it most likely.

Aunt tifa will probably call in some fake bomb threats to blame on us and the congress will evacuate without a vote, like the cowards they are.
